Supreme Headquarters Confirm Capture of Breskens in Schelde Pocket as Tommies Approach Vital Communications Hub
GERMANS ROLLED FURTHER BACK AT ANTWERP

By the Associated Press
London, Oct. 23.—Field Marshal Montgomery's stepped up offensive in Belgium and Holland is making good headway, supreme headquarters said today in confirming the capture of Breskens in the Schelde pocket.
Field dispatches said the west side of the British salient in Holland spouted steel along a 12-mile front today after a third British column jumped off at midnight last night, and, with two other spearheads, was fast approaching the vital German communications hub of 'S Hertogenbosch. The Allied attack there was launched early yesterday morning.
The communique said that Allied forces are clearing the enemy from the Wurselen area, northeast of Aachen, where approximately 1,600 prisoners were taken when fighting in the city ceased.

BULLETIN
On the British front in Holland, Oct. 23.—(P)—The British Second Army advanced more than five miles and captured four key towns today, moving within two and a half miles of the key Dutch rail and road city of 'S-Hertogenbosch.

To the south Gen. George S. Patton's Third Army pressed a new offensive 18 miles east of the French city of Nancy. Fighting continued in Maizières Les Metz while further south gains were reported in the area of Beznécourt, Concourt and Emberville, northeast and east of Lunéville.
Northeast of Epinal, gains were made against heavy resistance. East of the city a concentration of enemy troops was hit by fighter-bombers. Heavy pressure was maintained against the enemy in the Vosges region.

2,500 Planes Attack Reich Targets Without Single Loss

London, Oct. 23.—(P)—Achieving complete mastery of European skies, 2,500 American and British planes roamed hundreds of miles into Germany yesterday, attacking six separate targets without a single loss.
It was the first time an armada of this size had escaped at least some minor battle casualties. Only one enemy aircraft was seen and generally was moderate and inaccurate.

The bombers worked in three waves, two in daylight and one at night, attacking Nazi industries and communications struggling to keep Hitler's armies on the western front. More than 1,300 U. S. Flying Fortresses and Liberators, with 750 fighters, attacked Hamm, Munster, Hannover and Brunswick. Returning, they passed a formation of RAF Lancasters, with a strong fighter escort, going out to attack the inland port and railway center of Neuss, near Dusseldorf.
A small force of Mosquitoes attacked Hamburg and other objectives in western Germany last night.

Six Army Airmen Killed in Crash

Tucson, Ariz., Oct. 23.—(P)—Six army airmen were killed instantly and five others were injured, one critically, in the crash of a four-engine bomber during a takeoff yesterday at Davis Monthan air base.
The B-24 Liberator narrowly missed a bus filled with soldiers as it hurtled to earth just after clearing the runway. The bus driver halted his machine when he noticed the plane out of control.
A whirling propeller spun into a ground crew building 350 feet away from the crash. A soldier instructing a class was cut by flying glass.
The plane came to a stop and burned to wreckage in the base salvage yards.

COAL PRODUCTION
Washington, Oct. 23.—(P)—The Solid Fuels Administration reported today that soft coal production during the week ended Oct. 14 totaled 11,875,000 tons, continuing a downward trend that began last April. Output of hard coal the same week was on the brighter side, totaling 1,318,000 tons, up 73,000 over the preceding week.

CLARION GIRL SUICIDES
Clarion, Oct. 23.—(P)—Coroner H. W. Wellman reported today that Louise Cotherman, 17-year-old high school senior, took her life Saturday night, after attending a moving picture with a boy friend. Wellman said the girl procured a pistol at her home in Kossuth, Clarion county, went to her friend's home and shot herself through the heart.

Known Dead In Ohio Blast Soars to 98

BULLETIN
Cleveland, Oct. 23.—(P)—Coroner Samuel R. Gerber estimated today that "possibly 200" persons met death as liquid gas explosions and flames laid waste an east side area one-half mile square. The number of known dead in last Friday's disaster reached 99 today, with more than 100 persons listed as missing, 49 of them East Ohio Gas Co. employees.

Cleveland, Oct. 23.—(P)—As workers today resumed combing ruins for additional victims of Cleveland's greatest disaster, a ten-man board of inquiry appointed by Mayor Frank J. J. Lausche began an investigation of the liquid fuel gas storage plant explosions and fire which devastated a 50-block east side area. The death toll in the catastrophe which struck the East Ohio Gas Co.'s plant Friday afternoon soared to 98, while 108 persons still officially were listed as missing, 49 of them plant employees. Truman Scores G. O. P. Senators

By ERNEST B. VACCARO
Minneapolis, Oct. 23.—(P)—Senate Republicans were said today by Sen. Harry S. Truman to have adopted a "rule or ruin" policy in an effort to "blackjack the American people" into electing a president satisfactory to the isolationists.
The Democratic vice-presidential candidate addressed his prepared speech to a meeting of Democratic leaders at a luncheon here after receiving word that Sen. Joseph H. Ball (R-Minn.) had announced his intention to support President Roosevelt.
Hugh Fulton, a Truman adviser, said the speech, was moved to noon "to capitalize" on Ball's decision in the twin cities area.
Truman originally planned to make his major foreign policy speech at a meeting of the Democratic-farmer-labor group tonight in St. Paul, across the river. Instead, he will speak "off the cuff" at the dinner meeting.

Warren County Facing First Dismal Defeat In Very Envyable Record of Wartime Efforts

With less than one-fifth of the total of \$88,700 thus far "in the bag", tonight's Second Report Meeting of the Warren County War Fund campaign may well be decisive. Officials of the drive believe that, when tonight's totals are on the blackboard, they will have a pretty conclusive idea whether Warren County will again be on top of its objective, or whether it will have to admit the first dismal defeat in its long record of brilliant wartime efforts.
"Come to the Meeting without fail, and bring your report" was the call sent out by Henry Candy, manager of the drive. Chairmen of Divisions Captains of teams echoed his urgent plea and seconded it with one of their own. "We would like to have every report as

Attack Through Hungary May Cut Off Lifeline Between Budapest and Vienna
AT NORWAY FRONTIER

BULLETIN
London, Oct. 23.—(P)—Russian troops have captured the East Prussian highway center of Goldap, 18 miles inside Germany, and have broadened their offensive along the eastern boundary of the province, the German communique said today. "Deep penetrations" in Nazi lines between Goldap and Suwalki were acknowledged.

By EDDY GILMORE
Moscow, Oct. 23.—(P)—Russian forces introduced a great new threat to the entire German position in southeastern Europe today by swiftly developing an attack through northeastern Hungary which, unless checked shortly, can cut the Nazi lifeline between Budapest and Vienna.
An army of Cossacks and tanks drove northwest of the fallen Magyar keypoint of Debrecen in the direction of Kassa, which controls the pass into Slovakia and a way through Moravia and Bohemia to Prague, Czechoslovakian capital.

Strong Patriot partisan forces in Czechoslovakia awaited the onrushing Soviet armies which today were reported already attacking German communications leading back onto the Bohemian plateau. With yesterday's announcement of the capture of Nyregyhazi, north of Debrecen, and the slaughter of 2,000 Germans, less than 90 miles remained between Petrov's most westward troops in Czechoslovakia and other Red army units (Turn to Page Nine)

Sen. Ball Will Vote Democratic

Washington, Oct. 23.—(P)—Senator Joseph H. Ball, Minnesota Republican, announced today that "I shall vote and support President Roosevelt."
The senator, abandoning his party for the presidential race, said Mr. Roosevelt had met the foreign policy issues more squarely than had Gov. Thomas E. Dewey.

In his Saturday night speech on foreign relations, Ball said President Roosevelt kept a record of action by meeting squarely and unequivocally the vital and controversial issues which the isolationists kept us out of the league of nations and will fight our entry into the United Nations security organizations.
Senator Willis (R-Ind.) told reporters "I regret to see that Mr. Ball has seen fit to subordinate all the issues confronting the country to the one issue of whether we should give absolute power to our representatives on a world security organization."
"The country is not yet ready to pass upon that issue," Willis said.

C. W. CONARRO, veteran of a lifetime of successful campaigns and head of the all-important Division A with a quota of \$45,700, said: "I have had a good personal response from all my prospects. I had only one reduction from 1943 and several boosts. I don't feel discouraged at all. Mr. thirty or more workers are so experienced they don't need any help from me. Philadelphia Is In Spotlight On Political Front as State Chiefs Plan Visit of President

By the Associated Press
Philadelphia, its powerful voting strength courted by national leaders of both major parties, again took the spotlight today on the Pennsylvania political front as Democratic chiefs discussed plans for President Roosevelt's visit to the state's largest city on Friday.
Initial plans for protection of the president will be discussed tonight when Democratic officials meet Public Safety Director James H. Malone and Police Superintendent Howard P. Sutton.

Roosevelt To Visit Vote-Heavy Areas

By D. HAROLD OLIVER
Washington, Oct. 23.—(P)—President Roosevelt, as Candidate Roosevelt, will hit the vote-strewn campaign trails of the east again this week with what has been advertised as a speech on business Friday night in Philadelphia's Shibe Park.
He also may speak in Chicago Saturday night, but this awaits official announcement. Another stop is set for Boston, probably November 4. Cleveland, last stop on his 1940 schedule, may see him before Election Day, November 7.

Election experts generally say they see a close race in the November 7 voting, with most looking on New York and Pennsylvania to decide the issue with their big block of 82 electoral votes.
The president topped off his tour through rain-drenched New York streets Saturday with an address there to the Foreign Policy Association, in which he reiterated that any world peace council must have the power to act quickly, by force if necessary.
Mr. Roosevelt struck out at those he termed "isolationists" in the Republican party.
The group, week-ending at Cole's home, canned chickens Saturday night. Before retiring, they filled and lighted three oil stoves.
Early yesterday Cole was awakened by an explosion and with his wife ran downstairs to find the lower part of the house afire.
"We rushed outside to get water," said Cole. "Then my wife remembered the others and ran back to warn them. She was hardly inside the house when there was a second and louder explosion. I tried to get back in but the door was jammed. I broke the door down and entered. It was too late to do anything."
Despite severe burns, Cole drove two miles to the home of a neighbor for help.

Dewey Takes Up Farming Needs

By GARDNER BRIDGE
Albany, Oct. 23.—(P)—Turning from foreign policy and labor, Gov. Thomas E. Dewey took up another important presidential campaign issue today with a declaration that the "first fundamental necessity for a prosperous agriculture" is full production and employment in business and industry.
The governor's remarks prefaced a state food commission report released simultaneously with his scheduled departure for Minneapolis, where he is expected to outline his farm program in a national broadcast Tuesday night.
Dewey, who thus far has declined to comment on Mr. Roosevelt's Foreign Policy Association speech of Saturday, will go from Minneapolis to Chicago, stopping Wednesday morning in Milwaukee for a three hour round of conferences with Wisconsin party leaders.

Willkie Undecided His Widow Insists

Rushville, Ind., Oct. 23.—(P)—The question of which Presidential Candidate Mrs. Wendell L. Willkie would have supported emerged today as one of the most engrossing political mysteries of the 1944 campaign.
Willkie, originally a Democrat, commanded the greatest voting appeal of any Republican presidential candidate in history as GOP presidential standard bearer in 1940. Thus, the significance of the question lies in the possibility that if Willkie had taken a stand on the presidential race he may have influenced enough of the 22,304,755 Willkie voters of 1940 to have decided the election November 7.
The question may remain forever unanswered.

His daughters Constance and Joan Bennett, film actresses, were at his hospital bedside when he succumbed yesterday at 72 after a long series of heart attacks. Barbara, a third daughter, was reported on her way here from New York.

NEW CAPITAL ESTABLISHED AT TACLOBAN

Work Commenced on Captured Airfields and Other Installations to Prepare Base for Operations

TROOPS PRESS ONWARD

By C. YATES MEETAOSHRELLA
By C. YATES McDANIEL
General MacArthur's Headquarters, Philippines, Oct. 23.—(Via Army Radio)—(AP)—American soldiers, pushing westward on Leyte island's southernmost front, today overran strong Japanese defense positions and were trying to trap enemy troops retreating up the wide Leyte valley.
The troops engaged in the action were under Command of Lt. Col. Herbert Edmundson, of Georgia.
The country leading northwestward from Dulac is flat and ideal for tank warfare. It tapers to 10 miles wide on the northeast. The valley is flanked by mountain ranges with peaks rising up to 1,300 feet.

Meanwhile Tacloban, the provincial capital, occupied by the Yanks after they took the airfield in that sector, became the temporary capital of the first free government of the Philippines in more than two years.
As his troops pressed forward, Gen. Douglas MacArthur announced preparations already are under way for construction of a great base for future operations around the captured airfields of Tacloban and Dulac.

The supply problem for Japan's vicious 10th division already is becoming difficult after their "victory" and should they be forced into the hills might become acute, Gen. MacArthur said in his communique today.
The role of this strategic island, in the heart of the Philippines, was underlined by the announcement that work has commenced on the two captured airfields and other installations to prepare "a great base for all arms for future operations."

Brief is Filed By Associated Press

Washington, Oct. 23.—(P)—"News-gathering agencies are not public utilities and should not be made such by judicial action," The Associated Press said today in a brief asking the United States supreme court to reverse a lower court ruling that the A.P. must change its membership by-laws.
The brief, submitted in an appeal from a summary decision of a federal three-judge court of the southern district of New York, concludes that "so grave a step as transferring the press from the field of private enterprise to the status of a regulated public utility is the last thing which the courts should do on their own motion—and the last thing that should be done at all so long as any possible alternative exists."
The appeal is the latest development in the government's civil suit, under the Sherman anti-trust act, to force The Associated Press, a cooperative, non-profit organization, to change its membership structure and make its news report available to any applicant. Named as defendants in the suit, in addition to the A.P. were its 18 directors and the approximately 1,200 other members in the United States as a group.

TRUMAN TO TALK AT ST. PAUL TONIGHT

Minneapolis, Minn., Oct. 23.—(P)—Senator Harry S. Truman picked Minneapolis today for what he said would be an attempt to force Gov. Thomas E. Dewey to "embrace or repudiate the isolationists" to whom he attributed control of the Republican party.
The Democratic vice presidential term running mate told reporters he would follow up "the chief's Saturday night attack on the G. O. P. foreign policy stand in a major address at St. Paul, just across the Mississippi river, at 8:30 o'clock EWT tonight."
The Democratic vice presidential candidate expressed keen interest in a Washington dispatch to the Minneapolis Morning Tribune asserting that Senator Ball (R-Minn.) would announce today his choice for president.

by the end of the drive. But that's only my opinion. Maybe you'd better ask Chester Allen. Chester Allen, co-chairman of this big division, could not be reached.

E. H. LEY, Chairman of Division B, with a quota of \$7,500, issued the following statement: "It's just a matter of time. Our poor showing of only \$1,514 at the First Report Meeting was due to the fact that we didn't get started soon enough. I have talked to all the workers in my group and urged them to 'bear down' between now and Monday night. We should have eighty percent of our total in by that time." Which shows that Mr. Ley is far from downhearted.

MRS. RICHARD DAWSON, Chairman of the Women's Division, with a quota of \$8,500 and one of the hardest canvassing jobs of the drive, had one of the best showings of all in the First Report Meeting Thursday with nearly 50% of her quota in. "Yes, I was very much pleased with the results of the First Report," Mrs. Dawson said. "Do I think we will make our final quota? I certainly do, but it will take hard work right up to the last minute. Just tell my workers to keep up the good work—we're doing fine." We're betting on Mrs. Dawson to go OVER her quota.

L. F. MORLOCK, Chairman of Division D, with a quota of \$1,500, said: "Our First Report of only \$412.50 certainly was not good. We should have at least 75% of our quota in at the time. I feel it was partly due to the fact that we didn't get our cards soon

enough. I have asked all my workers to get their reports in by Monday evening. I sincerely believe that not only will we make our quota of \$1,500, but that we will have it in by Monday." We hope Mr. Morlock's prediction will be correct.

JOHN G. ROSSMAN, Chairman of Division E, had another good report of nearly 50% of his \$2,500 quota at the First Report. But now he is cautious: "I was pleased that we had such a good First Report," he said. "Two divisions, the Borough and the County, had not yet reported. Will we get our total quota? I'm not sure. Last year we had a quota of \$2,200 and raised \$2,500. This year our quota was boosted to \$2,500. It's going to be tough to get it. The schools, State, and Federal groups have some over 100%. We would like every report in Monday." We're still betting on Rossman.

ALLEN GIBSON is chairman of the entire Campaign outside Warren Borough, with a total quota of \$25,000. The task of his organization is perhaps the most difficult of the campaign including much solicitation from farm to farm, often at considerable distances, and all kinds of roads. Weather plays a considerable factor, as do gasoline shortages. Mr. Gibson stated: "Our First Report was less than I expected at only \$964.85. We have 29 committees and only 3 reported. This in itself was not surprising, but the dollar total was disappointing. However, I am confident we will end the campaign pretty close to last year's figures. Please ask every one of our workers to redouble his efforts to make up for the poor First Report. Ask them to give everyone a chance to contribute, even if it means a lot of traveling. We believe the County will have a big report tonight.

Unofficial Figures of Penna. Registration for the Election

Harrisburg, Oct. 23.—(P)—The department of the commonwealth today released unofficial figures of Pennsylvania's registration for the November election indicating a total enrollment of approximately 4,600,000.

The unofficial figures for 66 of the 67 counties, and including the city of Scranton but not the remainder of Lackawanna county showed a Republican registration of 2,660,904 and Democrat of 1,841,354. The total of minor parties and non-partisan voters has been estimated at 55,000, making a total of 4,557,258.

The figures showed a gain of 330,000 over the April primary registration but a loss of 455,000 over the record registration of 1940. Total registration for April primary was 4,225,000 and in 1940, 5,013,000.

Variety of Ballots Proves Complicating to G. I. Joes

By ED CREAUGH

AP Newsfeatures Writer

Somehow or other, servicemen and women from all 48 states are going to vote for the next president, but the only smooth part of the process in some of the states is the paper the ballots are printed on.

Wrong addresses, schedule mix-ups and improperly marked ballots are frowning the brows of election officials from Pennsylvania to New Mexico. So far, no soldier has asked a county clerk to send him a voting machine, but the election isn't over yet.

At least three states have reported apparent tampering with the ballots which are mailed, sealed from ships and dugouts in many parts of the world.

Election officials in Wayne county, Michigan, complained to the department of state that military censors had opened and inspected some ballots. Attorney General Herbert J. Ruston ruled that the ballots would be valid anyway.

Similar reports from Oklahoma brought a suggestion from Republican State Chairman C. R. Nixon that congress investigate ballot peeping, but no action has been taken. At least four county clerks in Indiana said mail ballots had been opened.

It wasn't censors but the tropical sun that opened G. I. ballots from New Hampshire. The state met the problem by using a heat-proof glue on envelopes mailed to the South Pacific.

In Wyoming, under an act of the 1943 legislature, ballots were denied to servicemen of Japanese ancestry who had been brought into the state by the War Relocation Authority, and in South Carolina more than 15,000 ballot applications piled up, uncanceled, in state offices.

South Carolina doesn't print a ballot, leaving the printing and distribution to the political parties. Pennsylvania, receiving hundreds of ballots deficient in one way or another, left it up to the county election boards to decide which could be counted. State law provides for "liberal construction" in such matters.

Clarence Schrimper, three years old lad from Corry, was brought to Warren General Hospital Sunday for treatment of bruises and a scalp laceration received when he fell from a moving automobile at Youngsville.

Merle Fitzgerald, of Corry, severely lacerated the palm of his left hand Sunday when a knife slipped while he was butchering a pig at the home of Gordon Fitzgerald, Conewango avenue. The wound was sutured, dressed and he was discharged.

Frank Gerardi, aged Tiona man, is reported resting comfortably at Warren General Hospital, little the worse for his experience of late Thursday afternoon when he was seized with dizziness, lay down between the railroad tracks and was run over by an engine and 21 cars. The only injuries he suffered were minor body abrasions.

County clerks in New Mexico are advertising in newspapers to find the precincts which should receive ballots addressed with carefree vagueness. Ohio received a few federal soldier ballots but ruled them illegal under a new law which recognizes only the state absentee ballot.

Mississippi Secretary of State Walker Wood said he had "thousands of letters" from servicemen asking that parties be designated on the ballot, but couldn't comply because a state law dating back to reconstruction days forbids designation of parties.

Texas' service men using the federal ballot found themselves unable to vote the Texas Regular ticket if they wanted to. The Regulars, an offshoot of the Texas Democrats, didn't bind their presidential electors to vote for any particular person. The federal ballot, however, listed presidential candidates and not electors.

In several states the federal ballot controversy still rages. It's a full-fledged campaign issue in Illinois where the Democrats are charging, as they are in New York, that failure of the Republican administration to provide federal ballots will prevent thousands of servicemen from voting.

Idaho Young Democrats wrote letters to soldiers applying for ballots, asserting that the Republicans had disenfranchised them by passing a state soldier vote bill. The Republicans said the letter was "pure propaganda and false information."

Because Arkansas' official absentee ballots could not be distributed until 20 days before the election, a number of counties mailed ballots, on their own initiative, weeks ahead of time. Some state officials have questioned whether such ballots are legal.

Louisiana law requires military ballots to be in the hands of parish clerks for forwarding 30 days before the election, but ballot printing couldn't begin before Oct. 7 when the Democratic central committee met to nominate seven new electors following an intra-party luff.

BENEFIT GAMES

Townsend Club No. 2 is sponsoring a series of games to which it invites the public at 8 p. m. Wednesday in its new headquarters, 223 Pennsylvania avenue, west, second floor over the Warren Billiard Parlor. All proceeds are to go to the United War Fund.

KELSEY ARRESTED

Lewis Kelsey, of Spring Creek, who recently was discharged from the Army and returned to Corry, although he has a family at Spring Creek, is under arrest at Corry. He and Marie Jones, of Corry, were taken into custody on a disorderly conduct charge when Kelsey took the girl to his room at a Corry rooming house.

HEARD ON RADIO

Vera Lauffer, wife of Ned Lauffer, of Warren, was heard by many friends on the "Ladies Be Seated" program over the Blue network at 2:30 p. m. Friday. Her contribution to the program was the singing of "White Christmas" and the payoff was \$1 in cash and a 25-cent bag of salt, which was auctioned off to a woman from Newark.

WELL KNOWN HERE

George Daugherty, 53, of Ridgway was killed in the Pennsylvania railroad yards at Johnstown Friday night. He was employed as a brakeman on the railroad. For a time he had a through run from Erie to Renova and was well known to railroad men in Warren. Some time ago he transferred to a local freight run from Ridgway to Kane as this allowed him more time at home. He was killed when he fell between two cars while at work shifting cars at Johnstown.

NEW ENDEAVOR

Frank Nichols, Penn avenue west, was station operator, is not only successful in that line of endeavor but is making a name for himself as a horticulturist. Early last June Mr. Nichols planted some small seed sweet potatoes and, last week when he harvested his crop he found a number weighing from one to four and a half pounds. Since sweet potatoes are usually grown much farther south, this is an unusual and very successful yield. Mr. Nichols has also harvested a crop of excellent quality peanuts.

WILL BE CHARGED

John Reed Bauer, of Pittsfield, will be charged by State Police with failure to yield half the highway as a result of an accident which occurred about 8 p. m. Saturday at the Brokenstraw Airport on Route 6. Bauer, driving west in a 1933 Ford coach, swerved across the highway and struck the left rear wheel of a truck-trailer operated by Carl Remley, of Benton, Columbia county. Damage to the semi-trailer was estimated by the officer at \$200 and to Bauer's own car, between \$80 and \$100.

FUEL OIL REPORT

In its second weekly fuel oil consumption report OPA has issued during the current reporting season it is noted that the maximum percentage of their individual fuel oil rations that consumers in this locality should so far have used under prevailing weather conditions is 95 per cent. At the time the OPA report of Corry consumers who are not using fuel oil ration calendars to call at their local war price and rationing board or write to the board for copies. The calendars have space for checking the household's percentage consumption of fuel oil and for recording deliveries.

COTTAGES ROBBED

During the past few weeks a series of robberies have been reported from the vicinity of Columbus and while the loot taken was not in any great amount there was much damage done to the cottages and their contents. Cottages owned by Tony Litz, Milton Spaulding, Al Duke and Fred Ross, of Corry were broken open and emptied. State Police of Corry were given the job of solving the crime and have arrested three boys Richard Young, David Ottaway and Leonard Hardinger who will face the court at Erie. At one cottage a number of decoy ducks were taken.

GIFTS DISPLAYED

In the window of the Evert Hardware Company are displayed a number of gifts sent home by Pfc. Jerome R. Acks. All were made by natives, including a pair of Japanese shoes. There is also a sample of Japanese money. Pfc. Acks is the son of Mrs. Carrie Acks, 104 Walnut street. He has been in the service for three years and has been overseas 27 months. At present he is serving with the medical corps in a dispensary on Kwajalein atoll. It is learned from his mother that he has had but one furlough, of two days, and that after he had been in the army one month.

Obituary

Unless otherwise stated, visiting hours at Warren's funeral homes are from 10 a. m. to 12:25 p. m. and 7 to 9 p. m.

MRS. GEORGE HOLLISTER

(Special to Times-Mirror)

Mrs. Estella Casper Hollister, wife of George Hollister, Sr., died at her home in Oramel, N. Y., Monday, August 16, at 4 a. m., after a long illness. She was born June 4, 1858, at Conewango, N. Y., the daughter of the late Charles and Minnie Darling Casper. She was united in marriage to George Hollister, of Corry, October 26, 1900, and to their union three sons were born, two preceding her in death. Most of her childhood was spent with her parents in Corry and she was well known in this vicinity.

She is survived by her husband; one son, George Jr., three grandchildren, all of Oramel, N. Y.; one sister, Mrs. Mayme M. Kraft, of Corry; also several nieces and nephews.

Funeral services in her memory were held Thursday at 1:30 p. m. at the home of Mrs. Kraft, with Rev. Allan Phautz, pastor of the Corry Nazarene church, officiating. Interment was made in Riverview cemetery at Corry.

Among those from away attending the services were Mr. and Mrs. Peter Hollister and son, Canada, N. Y.; Mr. and Mrs. George Hollister, Jr., and family, George Hollister, Sr., Oramel, N. Y.; Mr. and Mrs. Bert Darling, Mrs. Sara Lander and son, Mrs. M. Brown and daughter, Conewango, N. Y.; Mr. and Mrs. Mitchell Mahan, Lander; Minnie Hamilton, Jamestown, N. Y.; Walter Mason, Mr. and Mrs. Claude Feiro and Mrs. Gerald Peck, Warren.

CLARA BAUER SHELTON

Funeral services in memory of Clara Bauer Shelton, 504 East street, were held Sunday afternoon at 2:30 o'clock from the Templeton Funeral home, conducted by her pastor, Dr. H. A. Rindard, of First Lutheran church. Interment took place in Pine Grove cemetery at Russell with the following acting as bearers: William Cannon, Carleton Gay, Fred Hornstrom, William Cook, James Simmons and Robert Sampson.

Those who attended the services from away were Mr. and Mrs. Fred Bauer, Clarendon; Mrs. Jennie Bauer, Kane; Mrs. Mary Reed, Buffalo, N. Y.; Mr. and Mrs. Lewis Barlow, Sugar Grove.

DAVID JOHNSON COLE

Funeral services for David Johnson Cole, of Stoneham, were held at one o'clock Saturday afternoon at the Peterson Funeral Home, conducted by Rev. O. L. Wingard, pastor of Epworth Methodist church. Bearers for interment in the Methodist cemetery at Garland were Daniel Houghout, Richard Enos, Edson Bailey, Merle Bosworth, Barney Johnson and Willis Wentworth.

Present from out of town were George Wagner, Ticonderoga, Benjamin Wynn, of Pittsburgh.

MRS. WALLACE WRIGHT, JR.

Services were held at the Peterson Funeral Home at 3:30 p. m. Saturday for Florence Wright, wife of Wallace W. Wright, Jr., 4 West Wayne street, Dr. H. A. Rindard, pastor of First Lutheran church, officiated and interment was in Oakland cemetery with the following fellow-workers at the New Process Company acting as bearers: Ruth Anderson, Josephine Lucia, Jean Henning, Margaret Giesbrecht, Nina Mack and Virginia Vrooman. During the rites Wallace J. Wright sang "The Old Rugged Cross."

Those attending the rites from away were Mr. and Mrs. Edward Hawkins, Mr. and Mrs. W. L. Marks, Jersey Shore; Mr. and Mrs. George Tayman, Pittsburgh; Mr. and Mrs. Charles Marks, Avis, Pa.; Mr. and Mrs. Edson Lewis, Tidout.

EMMETT C. KIRKHAM

Services in memory of Emmett C. Kirkham, 59, well known resident of Youngsville who died suddenly while at work at the plant of the National Forge & Ordnance Co., Irvine, Saturday evening about 9:20, will be held from the family home, 835 East Main street, that place, Wednesday afternoon at 2:30 o'clock. Interment will be in the IOOF cemetery there.

Mr. Kirkham appeared in his usual good health Saturday at the time he reported for work as time-keeper about seven o'clock. Two hours later he appeared at the emergency room and complained of severe pains about his chest. A sedative was administered and he returned to his desk. Shortly thereafter fellow workmen observed him collapse. A physician was summoned and he pronounced his death from a heart attack. Removal was made to the Earl Young funeral home at Youngsville and the body was taken to the family home this morning where friends may call.

Mr. Kirkham, who would have been 60 years of age next month, was a life-time resident of the vicinity of Youngsville, where he was held in high esteem by a host of friends. Before taking employment with the National Forge he had worked with the Mead Hardware store, and later with Walters store. His only close survivor is his wife, Mrs. E. C. Kirkham, who is associated with the Woodnell Shoppe, in Youngsville.

MRS. SAMUEL G. ALLEN

Mrs. Samuel Gordon Allen, wife of Samuel Gordon Allen, chairman of the board of directors of the Lima Locomotive Works, died at Rye, N. Y., on Saturday, October 21.

Mrs. Allen was the daughter of the late Colonel S. C. Lewis, of Franklin, vice president of the Atlantic Refining Company. Funeral services will be held at 3 p. m. Tuesday, October 24, at Christ church, Rye, N. Y. Interment will be at Oakland cemetery.

Warren, Thursday, October 26. Mrs. Allen was a sister-in-law of Mrs. W. H. Allen, 305 Conewango avenue, and had many friends in this community who will learn with regret of her passing.

This is probably the first time you've ever seen War Bonds fishing

That man in the boat up there is Bill Brown. In about five minutes he's going to land the biggest bass in the world—well, almost the biggest.

The time is 1954. And even Mr. Brown doesn't know yet about the big one he's going to land. But Bill is working hard today—in 1944—saving money—and buying War Bonds and still more War Bonds. After all, the Browns have two boys in the Navy and as he says, "It's little enough that we do, but it's the best we know how."

The happy side of Mr. Brown's saving is that he's laying the ground work for a secure old age for his wife and himself. And according to Mr. Brown, "that means fishing."

1944 is a good year for saving money. Be-

Professional Acts Secured For Carnival

The committee in charge of entertainment for North Warren's eleventh annual Halloween celebration announced today that there will be three high class professional acts presented each evening.

Each act will be new and different. The talented performers will include the renowned Harry Pepper, Comedy Juggler; Oscar Pierson, Contortionist; famed as the "Human Frog"; and the lovely Geraldine, widely acclaimed Character Dancer.

It is reported that the North Warren community building and annex have already been transformed to a veritable midway, where the spooks, hobgoblins and witches gambol nightly in preparation for their 4-day reign starting Wednesday.

Pupils Are Supporting Stamp Sales

Reporting to the office of John G. Rossman, superintendent of schools, local buildings showed a total of \$733.15 in war stamps and bonds in the week of October 16, with an additional \$199.41 in savings accounts, making a grand total of \$932.56 for the period.

Of the above stamp and bond total, \$234.60 was reported at the high school building, where there is no special school savings account program. Other buildings, savings accounts, stamps and bonds and totals follow in that order:

Chapter 11

SIR DOUGLAS FENNIMORE found Cherry as she sat sewing in the bright sunlight on dew. As far as the eye could see the Pacific was blue and sparkling. Only the guns on the forepeak and the bridge recalled that the Caromandel was racing, unscathed, on a wartime voyage.

After a brief greeting, Sir Douglas sat down on a rug at Cherry's feet. "Cherry," he said, looking up at her, "why have you been running away from me lately?"

The easy, friendly relationship between them was shattered. She concentrated furiously on her needlework, feeling the soft waves of color beating in her cheeks. But under his steady gaze she had to stop sewing and meet his eyes. At last she said frankly: "Sir Douglas, you have been very kind to me and Terry. But you must understand, it is difficult. You're a passenger, and I'm the stewardess."

"Was that the only reason?" he demanded.

"Why—yes—I think so," she faltered.

He said with sudden sternness, "You're not very good at lying, Cherry. That's what I like best about you—your honesty. I think our friend, Mrs. Scott-Price, has been talking nonsense, hasn't she?"

Cherry said slowly, "She is Terry's aunt."

Sir Douglas nodded understandingly. "So that's it. I might have known. That woman's an imbecile. She has no right to interfere in matters that do not concern her at all. Cherry, you're a dear, sweet child, and I'm not going to have you bullied by Julia."

"Perhaps I am—a little," she admitted ruefully.

"She will not do anything of the sort, believe me. Julia could not stand a child's company for more than half an hour." His eyes twinkled gently. "And as for your job—no one could possibly say you've been pursuing a passenger!"

"I hope not!" Cherry laughed, the easy atmosphere restored.

"THEN, if we are going to be sensible about it, will you give me the pleasure of taking you ashore at Panama? Please, Cherry."

He said that just like Terry, asking for a treat. In spite of his distinguished man-of-the-world air, he could be very much the small boy at times. Perhaps, she thought, it is because he has never married, never had children of his own. He must have been terribly lonely at times.

She said gently, "Sir Douglas—"

"Douglas, please," he corrected her as gently.

"Then Douglas—you must know I couldn't come ashore with you. It just isn't done!" she laughed to hide her embarrassment.

"It will be done, this time, if you say yes." He got up with an easy movement for a man of his age and stood against the rail, watching her, tolerant and yet eager. "Unless, of course, you have other plans."

"No, I hadn't made any plans at all," Cherry still did not feel happy about it. The prospect of an evening with Sir Douglas held no terrors for her. It could not fail to be enjoyable. He managed everything in his life quietly and well. It wasn't that she had any other plans. But Rory kept coming into her mind—Rory's face as she had seen it that first night on board, when he had found her listening to Pip's gramophone, a fleeting expression of disappointment, mixed with scorn; as if, somehow, she had let him down. She had never seen that expression on his face since. She never wanted to see it again. She would

hate Rory to think she was fortune-hunting! She had wanted, from that first moment in Queen Street, to show him she could do a job, and do it well, with no strings attached. Perhaps it was childish, a sort of challenge, but she felt like that about it.

She knew by now all too well how the smallest item of news ran like bush fire through the ship below decks, on the bridge, in the lounge and office and surgery and pantry and galley. The baronet and the stewardess—Heavens, how Rory would hate it!

AND yet here was Douglas being persistent. He was obstinate, too, in that gentle, courteous way of his. He leaned backwards, resting his arms on the rail, still watching her. It would be easy to hurt him by a blunt refusal. Cherry sensed that.

"I'm fifty-four. More than old enough to be your father. I suppose you're too young to realize how senile that makes me feel. Well, my dear, if you'd rather not come, I shan't mention it again. Only I wanted to tell you how much I'd appreciate it if you did give up your evening for a whim."

"It wouldn't be giving up an evening, in any case. I should enjoy it. But Mrs. Scott-Price is staying the night at the Hotel Wilmington, and I promised I'd go along and put Terry to bed. I don't know how long that may keep me," Cherry remembered thankfully that this was true, anyway.

He said cheerfully, "I shall be at the hotel having a drink, I expect, before dinner. If you can get away, you will find me in the bar. If you don't come down by—shall we say, half-past eight? I shall know you can't come. And—he smiled his old whimsical smile—"may I say I think it is very good of you, to go along when you are not on duty?"

Cherry laughed. "I'm not being a martyr, believe me. I love Terry. I think I'm getting more jealous of him than Julia!"

WARREN, PA.

Bradford Airport Is Inspected by Warren and Sheffield Men

Twenty-four representatives of Warren and Sheffield business and professional life Friday inspected Bradford's airport at Mt. Lebanon, where they were entertained at dinner by the Emery and later attended the Warren-Bradford football game at the high school field.

The group came to Bradford at the invitation of B. M. Kirsch, president of the Board of Commerce and member of the Airport Commission. Following inspection of the airport and an explanation of the plans of the Airport Commission, the group heard talks by W. Johnson, president of the Warren National Bank; Mr. Kirsch, P. Boncher, of the Dresser Manufacturing company and a member of the Airport Commission, and Mayor Hugh J. Ryan, chairman of the commission.

Mr. Johnson expressed the appreciation of his group for the hospitality displayed by the local group.

Mayor Ryan said, "We want other communities to work with us to make this airport a worthwhile project for all of Northwestern Pennsylvania. This is an area air-

Mr. Boncher went into detail concerning the history of the port, explained the various plans which have been projected for it and added, "You and other communities in this area have got to use this airport to make it a success. Bradford cannot do it alone." Pointing out that there may be deficits in the early operation of the port, Mr. Boncher told the group, "We are willing to face that. We feel it will be Bradford's contribution to the development of this area."

Mr. Kirsch outlined a survey which is now being conducted. He explained that the survey is intended to supply facts for the Civil Aeronautics Board and the airlines which are interested in furnishing transportation facilities to the Bradford airport and this area. He asked that Warren, along with other communities cooperate in supplying the information necessary to the survey.

"This airport is going to be vital to the industry of this area," he concluded.

Among those attending the dinner were the following from Warren: R. W. Steber, Burgess of Warren and trust officer of the Warren Bank and Trust company; Forest

Waite, president of the Warren borough council; Robert Kopf, president, Hammond Iron Works; Stuart Myers, secretary, Warren Lamp company; Arthur Chapman, manager, Sylvania Electric Products; M. H. Deardorff, vice president, Warren Bank and Trust company; N. D. Paterson, vice president, First National Bank; Robert Israel, superintendent, Warren State Hospital; H. J. Onions, vice president, DeLuxe Metal Furniture company.

Also, John Harrington, president, National Forge and Ordnance; E. H. Hagenlocker, vice president, Thomas Flexible company; Byron Knapp, president, Warren Gear Products; Virgil King, manager, Warren borough council; Don A. F. Kottcamp, secretary, Warren Chamber of Commerce; E. W. Johnson, president, Warren National Bank; Ben Kinnear, chairman of the Retail Merchants Bureau of the Chamber of Commerce; E. H. Ley, B. V. Lesser, insurance; and J. P. Fenstermacher, district manager of the Pennsylvania Electric company.

From Sheffield: L. B. Jones, auto sales; C. H. Whitaker, merchant, and John O'Connor, manufacturer.

Those present from the city were Mayor Hugh J. Ryan, Councilman Peter Meldrum, B. M. Kirsch and H. P. Boncher, all members of the Airport Commission; Sam Heffner, city engineer, and R. D. Still, representing Bradford Publications, Inc.

The Army Air Forces are now training 110,000 pilots annually. In July, 1939, the Army's arm numbered 21,556 officers and men as compared with its 2,385,000 at the beginning of this year.

Borough Schools Will Join in William Penn Observance

In compliance with plans for the general observance of the 300th anniversary of the birth of William Penn, schools of Warren borough and county will join with others in some type of celebration Tuesday, October 24.

Looking ahead to this occasion, county teachers were notified September that trees should be planted through the State Department of Forests and Waters so that suitable exercises honoring William Penn might be arranged. This was done and hemlock trees in four to five feet in height have been delivered to the eight schools in the county: Warren, Youngsville, Tidouste, Sheffield, Russell, Lottsville, Lander Sugar Grove; also smaller blocks of from 1½ to 2½ feet about a dozen grade schools in the district.

These were brought from the te nursery at Clearfield by

State Department of Highways trucks and delivered to the buildings from where orders had been placed. Arrangements for the order were handled through the district forester here, Samuel A. Cobb.

In Warren borough, the matter of suitable observance of the centenary was left in the hands of individual principals and each building will have some part in the statewide program.

It is appropriate that hemlock trees should be used in this Penn planting program, since the hemlock is the official tree of Pennsylvania.

William Penn, the state's founder, was very tree conscious, it is learned from writings concerning him. With his founding of the new colony he ordered that for every five acres cleared of timber, one acre must be left to grow, the first constructive forest conservation measure in American history.

Motorists Now Get Extra Gas Mileage

Thousands of motorists, taxicab, truck and tractor owners are now getting up to 30% extra gas mileage, more power and pick-up, smoother running and quicker starting with a Vacu-matic on their cars. The new, improved, metal Vacu-matic operates on the Super-charge principle, "Breathes" automatically and can be installed by anyone in a few minutes. Fits all cars. Nothing to regulate or adjust. The manufacturers, the Vacu-matic Carburetor Co., 7617-557-K State St., Wauwatosa, Wis., are offering a Vacu-matic to anyone who will install it on his car and help introduce it to others. They will gladly send full free particulars if you write them or just send your name and address on a penny post card today.

How to Give the Most for Your Money!

OUR service men on all fronts need entertainment, shows. Our boys in enemy prisons want sports equipment, books. Our merchant seamen must have rest, rehabilitation. Refugees of our Allies are desperate for food, clothing, medicine. In our own home towns, local welfare and hospital work, care of service men's families and war workers' children, prevention of juvenile delinquency—all must be kept up!

Each of us would like to support every one of these vital causes. Mighty few of us could afford to do so with a multitude of separate gifts. But all of us can contribute to all with one donation—made to the National War Fund through our local Community War Fund.

A single gift from you to the National War Fund helps 19 major, war-related agencies. It helps your local war service agencies. It helps you to help where help is needed most. It's the one gift that stretches your dollars further, makes them work harder in more different ways than any other single contribution you could make. So make yours today. Make it generous. Give now, once and for all—for all year!

How to keep a house from catching cold!

ONE WAY to keep a house from getting cold is by weatherstripping all doors and windows. Closing up the cracks that let cold in—and heat out.

There is going to be some shortage of coal delivered to homes this winter. Not because less coal is being mined. It is estimated that 29 millions more tons of bituminous coal will be mined this year than last—with fewer men. Quite a tribute to mine owners and miners alike!

There are adequate rail facilities for hauling the coal to your city. But certain grades of coal are going to be greatly in demand for war production. And your coal dealer is handicapped by a shortage of manpower, trucks and tires. So be patient with him.

Little, common-sense precautions can

make your coal pile last 10% longer—and save that much on your fuel bill.

Such things as weatherstripping, cleaning the heating system, closing off unused rooms, firing carefully, and drawing your shades at night can help to keep your family snug and warm.

One of the biggest jobs of the C & O Lines is hauling coal from the mines along its routes, so we're in a position to understand the problem, and to know how essential coal is these days.

Needlework Guild Directors Plan For Golden Wedding Of M. Andreggs Is Occasion of Party

In preparation for their annual Garment Collection Day and tea to be held at the Woman's Club on November 3, directors of the Warren Branch, Needlework Guild of America, gathered in the YWCA activities at noon Friday for a tray luncheon and business session.

The meeting was opened with a welcome by Mrs. Norbert Peterson, president, and included the secretary's report given by Mrs. Stewart Beckley.

Indication of their possible needs in the coming winter months were given in informal reports of these agency representatives: Claire Elliott for the Children's Aid Society; Margaret Horan for the Visiting Nursing Association; and Mrs. J. P. Rogers for the Warren Relief Association.

Since members wish to make their garment gifts meet the actual needs of the agencies distributed

uting them, some ideas might be had from this list:

All kinds of baby's and children's garments up to size 12; knee length socks for both boys and girls; infant's wear; panicles and slippers for small girls; unisuits, pajamas and nighties; dresses for girls up to 15 years; slipover polo shirts and sweaters in all sizes; boys' knickers and trousers; overalls; mittens; snuglies for older girls; night clothes of all types.

Several needs mentioned by these workers were for articles not usually found in the collection lists and board members voted each of the three agencies \$15 for the purpose of supplying these wants.

Mrs. Peterson drew attention to the fact that each member—and any person donating two new garments or an unspecified sum of money is a member of the branch—is cordially welcomed to the tea and display of garments collected; adding that Basil White is providing six Boy Scouts from his group to assist with delivery of the articles to the agencies after the exhibit.

Announcement was made that a collection box will be maintained in the YWCA activities building where members may leave their packages for their director. These should be plainly marked with the name of the director and the name and address of the donor. This information is needed for the director's membership records and must be provided.

Members should turn their gifts in to their directors as early as possible to save unnecessary telephoning and calls for collections.

Tidioute Girl Is Bride In Ceremony Read In Alabama

Mr. and Mrs. George Konkle, Jr. of Tidioute, announce the marriage of their daughter, Norene Margaret, to Sgt. William Brown, son of Mr. and Mrs. William Brown, Irvine Star Route at Ozark, Ala., at 7 p. m. September 16.

The bride was attired in a navy blue ensemble with matching accessories and wore a corsage of red roses. She was attended by the bridegroom's sister, Marguerite Brown, of Irvine who wore a brown ensemble and a yellow corsage. Sgt. Brown was attended by Cpl. Edward Lee Sadler, of North Carolina.

Other guests attending were Mrs. Edward Lee Sadler; Pvt. and Mrs. Harry Kast, of St. Louis, Mo., and Pvt. Stanley Fornabaugh.

The bride is a graduate of Tidioute High School in the class of 1943. The bridegroom was graduated from Clymer, Pa., high school in 1938 and is stationed with the U. S. Army at Camp Rucker, Ala.

First Players' Party Reported Very Successful

Despite the rain and the football game in Bradford, a great many active members of the Warren Players Club turned out for the first social event of the season at Pleasant Grange Hall on Friday evening. The success of the party was due to efforts of Kathryn Frantz and Anne Hyatt, who were co-chairmen of the general committee.

As each member entered, he was given a bingo card, the blank spaces to be filled in with names of those present. Following the business meeting, the following program was enjoyed: Name bingo, Monty McClure calling the names; leg show, by men present, winners, Art Langdon and Bob Trusler; Nancy Germain in two ballet numbers, Gladys Young accompanying; jello feeding contest, four blindfolded guests as participants, Rosie Creal feeding Dave Smith and Frankie Bates feeding Jack McDonald; Kay Smith and Gladys Young in a comedy singing number; Bob Trusler singing, accompanied by Evelyn Armstrong; Fern Mostert and Monty McClure in a minstrel number.

After the program, dancing was enjoyed and delicious refreshments were served by Fern Mostert and her committee, Doris Mavrelis and Autumn Palmer. Mildred Schorman, James Frantz and Carl Johnson arranged the transportation for the party.

Mr. and Mrs. A. M. Andregg, of North Warren, observed their golden wedding anniversary October 20th with "open house" for relatives and immediate friends.

Light refreshments were served, buffet style, from a table beautifully centered with a tiered cake, decorated with gold leaves and topped with a small gold bell with a gold "50" in an arch formed to support the bell. Yellow roses and white candles added to the pretty decorations. Carol and Fay Olson, grandchildren of the couple, presided at the table.

Of their seven surviving children, only three daughters were present for the occasion. They were Mrs. Carl Douds and Mrs. Hugh Olson, of North Warren, and Mrs. John Jones, of Starbrick. Two other daughters, Mrs. Carl Lundahl and Mrs. Leslie Tatjes, of Santa Barbara, California, and an only son, Glenn M. Andregg, who is a Seabee stationed in the South Pacific, were unable to be here. The couple have seven grandchildren.

The honored guests received many lovely gifts and flowers, and a purse of money from neighbors and friends. Guests came from Jamestown, Corry, Chancellors Valley, Warren and N. Warren.

BIRTHDAY EVENT

Last evening Mrs. Irene Stanton was pleasantly surprised by a group of friends honoring her on her birthday anniversary at the home of her daughter, Mrs. Charles Stephens, West Fifth avenue. Games were played with prizes going to Esther Beach, Dorothy Landers, Daisy Arnold, Flossie Landers, Marie Scott and Florence Lord.

A buffet luncheon was served with a large birthday cake centerpiece and decorations of pink and white. The evening concluded with the presentation of gifts to the guest of honor from the following: Alice McCanna, Alice Chase, Hazel Christensen, Dorene Beach, Eva Coddington, Florence Lord, Esther Beach, Lillian Lemmon, Betty Lemmon, Daisy Arnold, Jennie Sherman, Yolande Pasquett, Eva Knowlton, Florence Demel, Dorothy Landers, Ann Landers, Beverly Landers, June Landers, Hazel Landers, Flossie Landers, Marie Scott, Della Werle, Beatrice Cross, Omeda Barhight and the hostesses Alice Tarbox, Eva Whitesell and Lillian Stephens.

MARJORIE SMITH IS PARTY GUEST

Mrs. Alexandria Tidoute and Mrs. Henry Weis entertained a group of friends Friday evening at the former's home in the form of a bridal shower for Marjorie Smith, of Starbrick. After enjoying a number of games, guests were served luncheon from a table prettily decorated in autumn leaves and yellow candles. Each guest presented the honored guest with a lovely gift for her future home and wished her much happiness.

Those present were Marie McDonald, Margaret Flick, Helen Connelly, Margaret Roth, Louise Young, Frances Gronic, Ann Shield, Marguerite and Bertha Flick.

Miss Smith will become the bride of Pvt. Howard O. Flick, of Camp Rucker, Ala., in the very near future.

MARGARET ZUNDEL MISSIONARY SOCIETY

The Margaret Zundel Missionary Society of the First Lutheran church will have its annual "Recognition Tea" in the parish house at 8 p. m. Tuesday.

Devotions will be in charge of Adelaide Hansen and Jane Rogers will present the topic. A short business meeting will be held, followed by the impressive candlelight service for installation of officers for the new year and in recognition of new members received in the past year. Martha Schuetz, president of the Women's Missionary Society, will be in charge of this part of the program.

Following will be a social time and refreshments. Members of all church missionary units and any interested friends are especially invited to attend.

WOMEN OF MOOSE GIVE DEGREE WORK

A large group of Warren Women of Moose spent Sunday in Bradford attending a conference of the members of the order from this section. There was a large attendance and the installation of a new officer. The discussion at the conference urged all women of the organization to care for the work assigned to them and to aid in the splendid work being performed by the order.

A large class was initiated in honor of the Conference leader, Stella Engert, of Pittsburgh and the Hon. James J. Davis, the great leader of the Moose organization. The Warren women performed the initiatory work in a splendid manner and their fine exemplification brought rounds of applause.

IS GUEST HERE

Mrs. R. W. Kennard, of Phillipsburg, who is western director for the Pennsylvania American Legion Auxiliary, left Friday afternoon for an installation of officers at Daguer Mines after spending several days in Warren as the guest of Mrs. Richard Hansen, Franklin street. On Thursday evening she acted as installing officer for the Sheffield Auxiliary.

SEEKERS CLASS

All members and friends are urged to attend the meeting of the First Evangelical Seekers class to be held in the Folkman parlors of the church at 7:30 p. m. Tuesday. There will be a devotional period, business session and a social time in which Mrs. S. F. Custer and Mrs. O. R. Pang will serve refreshments.

LEGION AUXILIARY MEMBERSHIP MEETING

All those working on the current American Legion Auxiliary membership campaign are asked to attend an important meeting to be held at the Legion Home at 7:30 p. m. Tuesday.

CAMP COMMITTEE

Mrs. F. L. Abendroth, chairman of the Girl Scout Council camp committee, will meet with members of her group at 10:30 a. m. Wednesday in Girl Scout headquarters on Fourth avenue.

BAPTIST AID

The Ladies' Circle of the Baptist church will have its regular session at the church at 2:30 p. m. Tuesday and a large attendance is desired.

MOTHERS' CIRCLE

All members are requested to attend the meeting of Jackson Run Mothers' Circle to be held Wednesday afternoon at the home of Mrs. M. J. Wallin, 414 Prospect street.

DISORDERLY CHARGE

William Hettrick, 55 and Theresa Cook, 56, both of Titusville, were arrested near Scott overhead Sunday night by State Police Officers L. G. Forbes and held overnight in jail here on a disorderly conduct charge. Both were arraigned this morning before Justice of the Peace T. M. Greenlund and were released upon payment of fines and costs.

ANOTHER SUCCESS

Stating that he expects a report of between 1600 and 1700 bags of milkweed pods from the schools of Warren borough and county, H. L. Blair, county superintendent of schools, has sent out return cards to teachers, principals, Scoutmasters and others in charge of the countywide collection. Originally 1000 of the large mesh bags were ordered and delivered but that number was later increased to 2100. Dates for collecting the bags have been set for November 1-2.

SUCCESSFUL RALLY

An estimated 300 persons gathered in the YWCA activities building Friday evening for a very successful countywide Republican rally sponsored by the Young Republican organization. Following a fine address by State Senator James Galtz, of Pittsburgh, all had the opportunity of tuning in on Candidate Thomas Dewey's labor speech in Pittsburgh. Various informal items on the program, including refreshments, added much to the entertainment and pleasure in the affair.

WASHINGTON UNIT HOLDS MEETING

The president, Mrs. Brennan, was in charge of the October meeting of Washington PTA at Tiona. Singing of the Battle Hymn of the Republic was followed by the PTA prayer. Plans were discussed for transportation of pupils attending the Clare Tree Major plays and announcement was made of the next executive meeting and group study at the home of Mr. and Mrs. Barney Hughes November 1. Attractive folders containing the program for the coming year were given to members and Miss Crick's room was given the attendance award.

The guest speaker, G. A. Probst, gave a fine talk on "Linking Our Schools With Life". He stressed the need for early and continued spiritual training in the home and the responsibilities of these entrusted with child guidance to aid them in making the most of life in its highest sense. Mrs. Logan presented Miss Elizabeth Brennan in a piano solo, the first movement of Beethoven's Moonlight Sonata. Mrs. W. H. McJellan gave an interesting review of several addresses at the recent state convention in Philadelphia and spoke at length on the posters exhibited. The group adjourned to the basement where a social hour was enjoyed and refreshments were served by a committee from Miss Selander's room.

WARREN GRANGE PLANNING PARTY

Warren Grange members have planned a Halloween party and pie social for their next regular meeting. All are asked to come in costume to add to the fun and each lady is asked to bring a pie. At the regular meeting held in the IOOF hall, routine business included balloting on candidates. There was also initiation in the third and fourth degrees. For the program, Hugh Jamieson, leaving soon for service in the armed forces, pleased with three vocal selections, "Thomas A.", "Mighty Like a Rose" and "The World Is Waiting for the Sunrise". Refreshments were served by the committee and many remained to enjoy shuffleboard.

BIRTHS

In Baltimore

A baby daughter, weighing six pounds and nine ounces and given the name of Nancy Sue, was born early this morning in Women's Hospital in Baltimore, Md., to Mr. and Mrs. G. L. Cochran, of that city. The mother's parents, Mr. and Mrs. E. E. Koebley, 14 Fourth avenue, expect to go to Baltimore Saturday of this week to see the new arrival. Mr. Cochran's parents, Mr. and Mrs. Guy Cochran, hope to get to Baltimore before leaving for the west coast the end of this week.

In Erie Hospital

Mr. and Mrs. F. B. Miller, formerly of this city, are parents of a son born in Hamot Hospital, Erie, last Thursday morning.

In Union City

Letters to the Editor

Editor Times-Mirror:

I wonder how many people Warren have heard the propaganda programs the Democratic party is putting over the air every I listened for a while it was so disgusting I finally began turn them off. They are not throwing mud, they are throwing bolts. It is so far beyond our imagination it is actually unreal. I wonder in all of their days, scripts, dialogues they actually believe that every living service man going to vote for Roosevelt. I member not long ago we had election here in Warren Co. one party threw so much mud his opponent, the people elect the opponent. Why? Because we are a stubborn people they know what they want they don't need to tell. I know positively I am the only person whom has turned off the radio on account of getting tired of listening to that over-generated propaganda.

According to these programs should put this democratic president ahead of the Lord him. When they go that far they really hang their own selves. I one would like to hear instead these programs some good truthful programs. A good years I would not take sides either party but if this keeps I am going to be a Republican you Democrats don't quit spend money on such political things these you are going to lose election for sure. I know Democrats who are tired of these programs, and if they don't they will be Republicans. I know the old saying you can lead a horse to water but you can't make him drink. The general idea is you can lead, nump, spend, but the public still know what they want. If you people who have heard these programs tune in Jamestown at a quarter to two at different times all day you know what I mean. It is very disgusting. And before they words in our service men's mouths and broadcast it over the radio and better ask some of these boys themselves just what they are going to do.

Dragons Suffer 19-6 Defeat at Hands of Bradford

Second Half Rally Nets Owls Three Tallies as Continuous Rain Prevails Over Contest

Playing in a sea of mud and a continuous downpour of rain, Warren High's Dragons took a second half setback by the Bradford Owls to go down to defeat, 19-6, Friday night at Bradford's Parkway Stadium before a water-soaked crowd who would not leave the game, which was marked with intense playing every minute.

Coach J. B. Leiding's crew opened the thriller with a first half attack which pounded the Owl line time after time for extensive ground gains. After Ray tumbled on his own 36 the Dragons opened up with passes reverse plays, and one plunge which baffled the Owl combine and put the Leidingmen on their opponents' 5 yard stripe at the ending of the first quarter.

The locals smashed to the Bradford three where they were stopped by a fine Owl forward wall. Taking Bradford's kick, the local crew again began to hit the Bradford line, but Wilder's fumble returned possession of the oval to the oil men. Bradford's Ray again fumbled and Warren recovered on their own 27 yard marker. Powerful Red Lee came vividly into the picture, reeling off a 33-yard run, upsetting the Pflug machine as the Dragons held the pigskin on the Owl 30. The locals' line tally followed with a 25 yard run by Quarterback George Lucia who smashed over the line to put the Dragons in front, 6-0.

For the entire first half the Warren crew outplayed and outmaneuvered the Bradford to a point of disorder. The Owls could do little to stop the onrushing Dragons. At the first half whistle, the locals held a 6-0 count over the Bradford eleven.

Substitutions: Warren—J. Scalise, A. Peterson, McNally, Bonace, Bradford—Fredericks, Ward, Von Carlowitz, Evans.

Officials: Head Linesman—Y. Johnson, Jamestown; Referee—Brady, Titusville; Umpire—P. Johnson, Jamestown.

Green Bay Packers Leading Contenders in Pro League

Chicago, Oct. 23.—(P)—The National Football League still has four unbeaten contenders, but the race obviously is the field against the power-laden Packers of Green Bay now roaring along with five straight wins.

The Western Division pace-setters yesterday hurdled their toughest barrier to date when they stood off the previously undefeated Cleveland Rams 20-21 in a ding-dong battle at Green Bay.

It now appears that one club which might upset the prancing Packers is New York which kept top the Eastern Division yesterday with a 23-0 win over the Cardinals. The Giants, undefeated in three starts, entertain the Packers in their only eastern appearance of the regular season Nov. 19.

Although the record of each is marred by a tie, the Washington Redskins and the Philadelphia Eagles kept in the undefeated circle by downing Brooklyn 17-14 and Boston 38-0 respectively.

In a fifth Sabbath clash, the Chicago Bears settled for a 21-21 tie with the Detroit Lions whose flashy Frankie Sinkwich nearly tripped the league champions.

The Giants, making their home debut at the Polo Grounds before 40,754, had their shutout victory over the Cardinals (15-0) fashion almost single-handedly by Merchant Mariner Bill Paschal, who scored 18 of his team's 23 points. Paschal, who plays on weekend leaves, rambled 45 yards for one touchdown and scored the other two on short smashes.

Co. Teams In 0-0 Deadlock At Wilder Field

In the county's only scheduled grid contest Saturday, Bob Jewell's Youngsville Eagles played to a scoreless deadlock with the Sheffield Wolverines.

The Wolverines made the only major scoring attempts in the first half, going as far as the Eagle 12 yard line, but were stopped by an aggressive Youngsville line.

Having previously been defeated by the Sheffield eleven, T-6 the Youngsville boys played heads up ball but could not score because of the play of the equally matched Sheffield group.

In the second half the Jewellmen, after a series of short ground gains and a number of accurate passes, smashed to the Sheffield one-yard line, the quarter ending. The Eagles could not further penetrate the Sheffield territory and Sheffield regained possession of the oval. The remainder of the contest was a number of pass interceptions by both teams.

Lineups:

Youngsville	LE	Sheffield
Richards	LT	Spetz
Graham	LT	Kraft

SURE—why not? I'll admit, up to December 7, 1941, it would have been a bit unusual to find a woman running a large loan office—but today, with women ferrying bombers, welding at shipyards, and making munitions, 'Personal' feels there's certainly nothing unusual about having a woman loan manager.

And neither do I! For after all, I have had 15 years of experience lending money to folks, and I've learned how honest and willing people are to pay their debts.

Lending cash to hundreds of people every day from coast to coast has taught 'Personal' how to do it. We get a lot of satisfaction out of giving good service.

'Personal' cuts out all fuss and makes it a simple matter to get cash, from \$10 to \$500 or more, on just signature, furniture or auto.

Special Loan Service
We give special attention to women who need loans, and we try to make it as convenient as possible for folks who find it hard to come in. Loans can be made by mail or in just one visit to the office. Why not come in today and ask for me by name.

Gen. Patton's Third Army Continues to Press New Offensive East of Nancy

(From Page One)

Struck by a series of Allied attacks along the whole western front from The Netherlands to the Belfort Gap area, the Germans sent their flying bombs against frontline targets for the first time yesterday.

The Canadian First Army rolled the Germans farther back above Antwerp, taking Eschen after an 11-mile advance. This victory bolstered the Allied grip on the narrow causeway to the west leading to the Schelde estuary islands, where German guns have denied Allied ships the sea lane to Antwerp. Eschen, on the Belgian-Dutch border, is 16 miles north of Antwerp.

The Canadians scored still a second victory in their drive to clear Antwerp's approaches when they captured the ferry port of Breskens near the mouth of the Schelde estuary and swept on a half-mile farther into old Port Frederik-Hendrik.

wealth's government's authority in liberated territory during a dramatic ceremony at Tacloban, designated as the temporary capital. They addressed the rest of the subjugated Philippines, as well as the United States, while gunfire echoed in the background.

Bomber raids on other Visayan islands sank three small freighters and probably sank four others. Heavy units blasted Mindanao with 94 tons of explosives, starting fires at Cagayan, principal port and transportation center in the northern part of the island. No opposition was encountered there.

Twilight Tear Is In Pimlico Race Vision Faulty.

This morning at 1:20 the crash of glass brought the police patrol car to the Stanley Optical Store where an inebriated fellow had wobbled through the display window. His vision faulty from the many glasses he has emptied, he tumbled in among the kryptoks, bifocals and nose pinchers. The coppers gathered him into the fold and draped him on one of the box springs at the police station. Fortunately he was not seriously cut by the glass in the window and this morning before Justice Greenlund he arranged to pay and pay and pay.

William Kirberger had a narrow escape from doing a high dive in his automobile over the embank-

ment of the Conewango creek during the weekend. He was driving north on Conewango avenue when he struck the car of Don Smith, 12 Conewango avenue. The Smith car was parked on the side of the street and Kirberger lost control of his car for a moment and careened into a railing along the creek bank. Fortunately his car stopped. He assumed all damages for the accident.

And two fellows who were requested to leave the warmth and merriment of one of the nose paint emporiums grew angry so as they left they smashed the window letting in the cool evening breezes. The coppers garnered the two disgruntled smashers and conveyed them to the calaboose and Magistrate Greenlund spoke severely to the lads invoking a severe penalty for their ill manners in a parlor.

Halloween at YM Promises Plenty of Fun

Ghosts and goblins, clowns and goons, freak women and freaker men will have their night to strut and scare on Friday, October 27, from seven to nine o'clock at the Halloween Party given by the YMCA for all the boys of the Boys Department.

There will be games, judging of prizes, fun and frolicking in the gym and eats and movies in the banquet hall. The costumes will be judged by a committee of boys and prizes will be awarded to those having the best costume in the following classes: funniest, cleverest, most beautiful, best woman, and the most frightful looking.

A ten cent admission fee will be charged to defray the incidental expenses of the party. Everyone who plans to attend the party should sign up at the desk in the YMCA by Thursday evening. The party will be held under the supervision of Lloyd Shirk, Program Secretary, who will be assisted by the Senior Hi-Y Club of the Warren High School and the Leaders Corps of the Boys Department.

PRICES MUST BE FILED WITH OPA

The local war price and rationing board urges everyone who offers any services to the public to post his prices and to file them with the local board.

A filing drive already has been made on automotive repair, farm equipment repair, laundries, dry cleaning, shoe repair, appliance repair and apparel repair. Any of these services not already filed should do so at once.

Others who should file are: Garage collectors, bowling alleys (these should post their prices-but do not need to file them with the board), food lockers, upholsterers, milk companies, radio repair, refrigerator repair and taxicab companies.

These are just a few of them, according to the local board, but upon request the price clerk will be able to inform you if you need to file; also will give you the requirements necessary to file your prices.

UNITED WAR FUND-A-MENTALS

To All Campaign Workers and to the Public

We owe much to Captain Richard Hann, who is doing such a fine job at Bull Hill, for his cooperation in making us a "war loan" of three of his most outstanding sergeants. These three handsome veterans made a colorful and inspiring feature of the first report meeting. Sergeant Clyde Lynch, Louisville, Ky., is a veteran of North Africa, Sicily and Italy, as is Sergeant Edward McLaughlin, of Hackensack, N. J. Sergeant James Montague has been long in the Pacific area, including New Guinea and Guadalcanal, where he was twice wounded and contracted malaria. All three have been in the Army from three to four years and are a fine symbol of the type of American fighting man who is doing the REAL job for us. After talking to them, listening to their interesting remarks and their answers to the questions that were put to them, it is hard to see how Warren county could possibly let down such men as these—and the millions like them—by failing to reach its quota of \$88,700.

Thursday's meeting was opened with an inspiring invocation by Rev. Harold C. Warren, himself a veteran overseas YMCA worker in World War I. Reports were given by the various division heads and found to be generally disappointing, with the exception of Mr. Rossman's Division E and Mrs. Dawson's Division C. Chairman Johnson, in calling for the reports, spoke words of encouragement to all division leaders and workers. Mr. Candy expressed disappointment with the results to date, but stated that he still believed the campaign would go over the top. He suggested that each worker approach his prospects with the plea they donate something in honor of any near relative or friend they might have in the service.

For the information of prospective contributors outside Warren Borough, Chairman Allen Gibson emphasized the following fact: The county outside of Warren Borough has a separate and distinct quota of \$25,000. None of this amount goes for the support of welfare agencies in Warren Borough. The following amounts go to the following agencies for their county work as distinct from their Warren Borough work:

Boy Scouts \$2,150
Girl Scouts 2,300
Children's Aid 800
Salvation Army 750

The balance of the total goes to the 22 national war agencies such as the U. S. O., War Prisoners' Relief, etc., and to the administration of the Warren County War Fund. It is important that each county worker know these facts and present them to prospects whenever any objection is heard on the ground that county funds might be used for borough work.

We Warfunders have a long way to go before Saturday night of this week. Thursday's first report shows us just how far. \$16,582.87 is not even one-fifth of the way to our goal. The difference between this and our total of \$88,700 is upwards of \$72,000. That's the distance we had to go from the end of Thursday's meeting to the end of the campaign. Can we do it?

If defeatism creeps into our ranks, if we allow ourselves to succumb to that home front "battle fatigue" Harry Conar was talking about, if we let ourselves that our particular little part of the job doesn't matter—somebody else will do it—then the answer right now is "NO."

On the other hand, if we accept this poor first report as a challenge, if we get right out on the prospects' doorsteps with determination, if we say to ourselves, "Warren county has never failed in a war effort to date; it's not going to fail now!", then nothing can lick us.

Remember—Second Report Meeting—Tonight, YWCA, 7:30.

These agencies are supported in part by your contribution to your Community War Fund.

Shaping up NOW

—for the day when "Highways are Happy Ways" again!

Tomorrow's "dream bus" is much more than a dream. It is shaping up today, in full scale models that will soon be translated into gleaming fluted metal, curved plastic glass, new type chairs built for long-trip relaxation — many features of comfort and efficiency we can't even talk about now.

Super-Coaches like this are coming, sure as Victory. Greyhound will pioneer in their design and will make all possible speed in their construction — without relaxing, for one moment, its full-time job of carrying war manpower. These startling new buses will not only replace equipment overworked by the extreme pressure of wartime travel—they'll give eleven million

returning Service men and women (and travel-hungry millions at home) a more delightful way to see and enjoy "This Amazing America." It all adds up to this: the day is on its way when "Highways are Happy Ways" again!

To Help "Shape Up" Victory...

Will "Tailor" All Replaced Ration Books

War Ration Books 3 and 4, when issued to replace lost or destroyed books, will not necessarily contain the same number of stamps that were in the books at the time of their loss or destruction, the OPA has announced.

Heretofore, since all stamps are valid immediately and since it is difficult to prove the actual number of stamps contained in a book at the time of loss or destruction, replacement books were issued with little or no tailoring. As a result of this, some people were receiving books containing more stamps than were in the original

books at the time of loss or destruction.

Effective October 20, 1944, local War Price and Rationing Boards will, before issuing a new ration book, remove all expired stamps and all currently valid stamps that were valid on the date of application, except the last stamp or series of stamps that became valid on or before the date of application for the new book.

In this way, even though the applicant may receive fewer stamps than were in his book, he will still receive a sufficient number of stamps to enable him to buy enough rationed foods and shoes for his needs, OPA said.

New automobile ignition systems are being developed which may eliminate the present high tension secondary leads with their accompanying tendency to leak and sometimes even cross-fire.
